EMPOWERING THE INDIVIDUAL INVESTOR

FPL Capital Management is a **Fee-Only Flat Fee Investment Advisor** registered with the Securities Exchange Commission (SEC). FPL Capital Management offers comprehensive portfolio and wealth management services to high net worth individuals, ultra-high net worth investors and small businesses nationwide.

- Approximately \$400 million in assets under management as of 9/30/17
- Based in Metairie, LA (just outside New Orleans)
- Annual Advisory Fees range between \$1,000-\$5,000, depending on the level of service selected

WHAT MAKES US DIFFERENT?

We are one of the few Fee-Only advisory firms in the nation currently implementing a Flat Fee structure. Instead of charging a percentage of assets under management, we utilize a cost-effective compensation structure by charging a fixed dollar amount (flat fee).

ADVANTAGES

- Objective advice
- Compensated solely by their clients
- High-net worth investors are not penalized for having large accounts
- Eliminates conflict of interest
- Complete transparency of investments and fees
- Clients are never “locked” into an investment or advisory contract
- Total portability – Clients can simply “de-link” through custodians (TD Ameritrade, Schwab and Fidelity)
